Solution dyed nylon for tufted
graphics using a unique palette
of forty wool-look colours

Solution Dyed Nylon is special

The specifiers' choice for interiors that demand performance without compromise. Resilient, stain-resistant and outstanding value, it delivers a flooring solution that works equally hard in hotel bedrooms, corridors and lobbies, busy retail spaces and the communal areas of residential developments.

time to turn the tufted graphics world...

...upside down

...upside down

the benefits of nylon...

Highly Durable & Easy Maintenance

Unlike conventional dyeing which sits on the surface, solution dyeing permeates colour throughout the fibre itself - like a carrot rather than a radish - delivering exceptional stain resistance and long-lasting colour that, combined with nylon's natural strength, resists crushing, matting and wear.

Soft, Comfortable & Eco-Friendly

Strong yet soft underfoot, nylon adds comfort to hotel bedrooms and communal areas. **100% recyclable** and produced with low carbon emissions, sustainable nylon fibres help reduce environmental impact.

Fade Resistant & Low Static

Solution dyed nylon holds its colour, remaining vibrant even with sunlight and heavy use. It generates minimal static, reducing dust attraction, great for tech-heavy commercial spaces.

Cost-Effective & Moth Proof

Durable and low maintenance, nylon carpets offer excellent value with fewer replacements needed. Their strong chemical makeup prevents damage from moths and inhibits mould, mildew and bacteria growth.

your colour palette

Customisation that fits your style

With 40 solution dyed colours to choose from the Nylon Forty palette gives you the freedom to create flooring that is truly bespoke to your scheme.

Mix & Match

Our Forty Nylon colours allow you to mix and match to suit your exact style and requirements. From subtle neutrals and earthy tones to bold, contemporary hues, this extensive palette caters to every taste and trend.

Experiment

You're free to experiment and discover the perfect pairing that complements your space. This flexibility means you don't have to compromise. **Your carpet can be as individual as your project,** and bespoke colours are available on request.

over 4.5 million colour combinations at your fingertips

based on 2 to 6 colour combinations out of 40

Standard Colours	Due to variation in raw material bulk dye, matching may vary slightly from the colours shown in the standard tuft box or samples.	
Product Options	Special Backings: 300gsm Felt	

All specifications subject to normal manufacturing tolerances.

Cut-pile carpets, may show shading/pile reversal. This tendency is inherent in all cut pile fabrics and is not detrimental to the wear of the carpet. It cannot be considered a manufacturing defect. It should be noted and taken into consideration when selecting colours that darker shades camouflage soiling more than lighter shades. This applies particularly to contract installations.

Note: Side to side pattern matching of tufted patterned carpet is not guaranteed.
