Bespoke musallas

Bespoke musallas

In keeping with our philosophy of adapting to the ever changing market place, we now find ourselves in the position of also being the country's leading flooring provider to mosques & islamic teaching establishments.

Our in-house designers are capable of assisting you with the conception of individual ideas, recolourations & the specification of finished carpet to meet your particular performance & aesthetic requirements.

Designs for mosques (masjids) and prayer halls (jamatkhana) are generally characterised by a niche at one end, representing the mihrab in every mosque, a directional point (Qibla) to direct the worshipper towards Mecca.

Click on any design to see in situ, or in a standard roomset, using our VISUALISER feature.

Suitability	General Contract	General Contract	Medium Contract	Heavy Contract	Very Heavy Contract

All specifications subject to normal manufacturing tolerances.

Cut-pile carpets, may show shading/pile reversal.
This tendency is inherent in all cut pile fabrics
and is not detrimental to the wear of the carpet.
It cannot be considered a manufacturing defect.
It should be noted and taken into consideration when
selecting colours that darker shades camouflage
soiling more than lighter shades.
This applies particularly to contract installations.
